BIGNET is the fastest growing small loans financing company originating from Curacao. Our financing company was formed in the year 2007 by a group of four visionary private investors who saw the need to supply small loans to people and businesses that were struggling to get financial aid.

In the mean time only one original investor has remained.

Our aim is to help people get what they want in life by helping them finance their dream or overcome financial difficulties.

Getting a loan should not be difficult, you should not have to beg for it and it should not take a long time to get it.

We are proud to serve our community with all type of personal and business loans. We do it fast (8 hours or less), without collateral and in a friendly environment. Try us out now by filling the loan form and get approved from the comfort of your home.

If you have questions contact us directly by going to the contact page.

We speak Papiamentu, Spanish, English and Dutch.
